22. Research Focus:

My research is focused on facial aesthetic plastic surgery, surgical and non-surgical facial rejuvenation technologies, and aesthetic surgery education. I design and execute yearly surgical simulation skills events for plastic surgery residents. I also mentor Emory medical students, residents and fellows in aesthetic surgery in the operating room.

Grant Support: Co-P.I. and executor of the project “Plastic Surgery Aesthetic Skills Lab” at Emory University SOM and T3Labs. Source: Fund for Innovative Teaching from Emory University School of Medicine. Amount granted: \$2,632. 2013
